

# After School Exploration

We are so excited to start our After School Exploration program here at Compass Rose Academy! Each day children will be able to stay after school or join us when they finish their day at another school to explore the world around them! Children will be able to participate in activities such as arts & crafts, music, outdoor play, organized games and much more!

*With our After School Exploration program Compass Rose Academy has two main goals. The first goal is to allow children extra time to play and learn with friends. Our second goal is to allow parents the time to complete work and home activities while being confident that their child is safe and having fun!*

*We also hope to provide some flexibility with our program. You can sign up for the rest of the school year or give us a call, by 12pm, the day you plan on having your child attend. The program runs every day for 4 hour but you may have your child attend just one if that is what you need.*

*This program was designed with both children and parents in mind!*
